

Bryan Alfuate

Software Engineer

09958513056 alfuate.bryan25@gmail.com Legazpi City, Albay 4500

Summary

Experienced Web Developer with a strong background in the outsourcing/offshoring sector, demonstrating a proven ability to deliver high-quality solutions. Skilled in building dynamic, user-focused applications, and adept at utilizing efficient development methodologies to ensure timely and successful project outcomes.

Experience

BOOM AI Solutions OPC

Software Engineer

Aug 2022 - Dec 2025

- Developed websites using vanilla JavaScript and various JavaScript frameworks (primarily ReactJS, NodeJS) to build dynamic, high-performance web applications.
- Utilized CSS frameworks (TailwindCSS, MaterialUI) to create responsive and visually appealing user interfaces.
- Designed and implemented RESTful APIs using Node.js, Python, and AWS services for scalable backend solutions.
- Contributed to the development of an internal CRM project, enhancing business processes and internal workflows.
- Collaborated on the development of an AI-powered call analysis tool that leverages Deepgram for speech-to-text transcription, GPT API for natural language processing, and MongoDB for storing and managing data.

Boomsourcing INC

Junior Web Developer/Mentor

May 2019 - Aug 2022

- Developed reusable, modular code and responsive web components to streamline future development.
- Designed and implemented new user interface features to enhance overall user experience.
- Leveraged React.js and various libraries to deliver robust and scalable web solutions
- Provided mentorship and support to new junior developers, fostering skill growth and collaboration.

Certificates

AWS Certified AI Practitioner

Amazon Web Services Training and Certification

Jan 2025

This certification demonstrates my foundational understanding of artificial intelligence (AI) and machine learning (ML) services on AWS. It validates my ability to design, implement, and deploy AI/ML solutions using AWS tools and services, covering areas such as data analysis, AI/ML models, and AWS's AI services for real-world applications.

AWS Certified Cloud Practitioner

Amazon Web Services Training and Certification

Jan 2024

This certification demonstrates your foundational understanding of AWS Cloud concepts, services, and architecture. It validates your ability to define AWS Cloud technologies, understand AWS's value proposition, and articulate the benefits of using AWS Cloud for business solutions. The certification covers essential topics like AWS Cloud's basic global infrastructure, key services, pricing models, and security features.
