

BRYAN ALFUENTE

Software Engineer | Full-Stack Developer

09958513056 | alfuente.bryan25@gmail.com | Legazpi City, Albay, Philippines

PROFESSIONAL SUMMARY

Experienced Full-Stack Software Engineer with 6+ years of expertise building scalable web applications and cloud-based solutions in the outsourcing and offshoring sectors. Proven track record delivering dynamic, high-performance applications using React, Next.js, Node.js, NestJS, and PostgreSQL. Hands-on experience with AI integrations, real-time systems (WebSockets, Socket.io), mobile development (React Native/Expo), and cloud infrastructure (AWS). AWS Certified Cloud Practitioner and AI Practitioner.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, HTML, CSS

Frameworks & Libraries: React, Next.js, Node.js, NestJS, React Native (Expo), FastAPI, jQuery, Redux, Recoil, Context API, TailwindCSS, MaterialUI

Databases & Technologies: PostgreSQL, MySQL, MongoDB, Redis, NoSQL, RESTful APIs, WebSockets, Socket.io, GraphQL

Cloud & DevOps: AWS (Lambda, API Gateway, Amplify, RDS), Google Cloud Platform (GCP), Docker, CI/CD Pipelines, Vercel, Railway, Supabase, Hetzner

Tools & Platforms: Git, VS Code, Claude Code, Webpack, Cypress, Prisma ORM, n8n, LiveKit, Cloudflare DNS

AI & Integrations: OpenAI GPT API, Deepgram, AWS AI/ML Services, n8n Automation, Anthropic Claude API

PROFESSIONAL EXPERIENCE

BOOM AI Solutions OPC

Aug 2022 – Dec 2025

Software Engineer

- Designed and developed full-stack web applications using React, Node.js, and Python, delivering high-performance, scalable solutions for enterprise clients.
- Built and maintained RESTful APIs using Node.js, Python, and AWS services (Lambda, API Gateway, RDS) to support scalable backend architectures.
- Developed an AI-powered call analysis tool integrating Deepgram for speech-to-text transcription, OpenAI GPT API for NLP, and MongoDB for data management.
- Contributed to an internal CRM system development, streamlining business processes and improving internal workflows.
- Created responsive, accessible UI components using TailwindCSS and MaterialUI, ensuring cross-browser and cross-device compatibility.
- Collaborated with cross-functional teams in an agile environment to deliver features on time and to specification.

Boomsourcing INC

May 2019 – Aug 2022

Junior Web Developer / Mentor

- Developed reusable, modular React.js components and web applications, improving development efficiency and code maintainability.
- Designed and implemented new UI features to enhance user experience across multiple client-facing web platforms.
- Leveraged React.js, jQuery, and various front-end libraries to build robust and scalable solutions.
- Mentored and supported junior developers through code reviews, pair programming, and technical guidance, fostering a collaborative team environment.

CERTIFICATIONS

AWS Certified AI Practitioner

Jan 2025

Amazon Web Services

AWS Certified Cloud Practitioner

Jan 2024

Amazon Web Services

EDUCATION

Bachelor of Science in Information Technology

May 2015 – Apr 2019

Forbes College, Philippines

TRAINING

Boom.Camp Bootcamp

May 2019 – Nov 2019

Command Line & Git, CSS3, HTML5, JavaScript
